

Humboldt Botanical Garden

About Us

The Garden opened its doors to the public, being open one day a week, in 2010. Today it is open seven days a week.

The Garden is situated on 44.5 acres surrounded by perimeter fencing. With eight featured gardens and 3 miles of hiking trails, we aim to promote lifelong learning, healthy lifestyles and an appreciation for the natural world around us. We have one of the largest native plants garden in northern California, and provide the community with educational programming as well as an aesthetic and tranquil experience for reflection.

Mission Statement

To cultivate a garden that provides an enjoyable discovery into the botanical world through education, and growth, and enhances the quality of life in our community.

HBG Vision

We envision a world class botanical garden that attracts visitors for inspiration, education and growth, and enhances the quality of life in our community.
